

UAF&G 2019 Fall Newsletter

Hello Fellow Members,

I hope that this letter finds everyone and their families doing fine. It has been a long hot summer. Glad that it is almost over. Bring on the cool weather with frosty mornings and pleasant 50-degree days and low humidity. I always say any time it gets over 70 degrees it is to hot!

We have been very busy at the club this summer. The good lord gave us the weather we needed to get our new culvert pipe and head wall in. We have a very nice bridge across the stream now to access the target boards and clay bird/trap area.

A very well deserved "THANK YOU" to Roger "Pruit" Weidner for coordinating everything and the use of his equipment. A very big thank you to all that were able to give time to help this rather large project get completed. I will not name people for fear of forgetting someone. Pruit was able to get us countless loads of rock to build a bigger parking area up at the clay bird area as well. Very Nice! Thanks to all the truck drivers and trucks to deliver the stones. It is a job well done by all.

We are beginning the busy season here at the club with block shoots, deer shoots and meetings the next 6 months it will seem like will be here at the club almost as much as we are at home. So, what I am asking for is if you can please stop by at the meetings and the different events to support the club with your help it would be greatly appreciated.

"Dues"- Your dues for 2020 will start being accepted at the meeting in October. They must be paid by the close of the meeting in January. You may pay your dues in cash or good check. You may send your money into the treasures mailing address or stop by the club at one of the many events. WE DO NOT mail cards and badges, you must pick them up in person. Dues are \$5.00 for children up to 16 years old, Adults are \$20.00 and seniors with 10 years membership are \$10.00. Mailing Address is UAFG c/o Roy Ike Williams 102 Townhill Rd York Springs PA.

"Rifle Ranges"- The ranges are here for the members to use. Please be courteous to fellow shooters. Always have your card and badge with you when using the club facilities. Do not be offended if someone asks to see your card and badge. The members pay to keep the facilities in good shape so please respect them and clean up when you are finished whether it was your target and brass or not, please put it in the dumpster before you leave. Share the range and remember to always use eye and ear protection and only put targets on the rubber NOT THE POSTS, we know your bullet will go through the steel you do not have to try it and ruin the posts. Be safe!

"Block Shoots"- This is one of our biggest money makers. It pays a lot of bills. Our attendance has been good the last year. We are always looking for more shooters and small games of chance players. We also are always looking for help at these events. If you have a couple of hours on a Thursday evening stop by the club at one of the scheduled block shoots, there is always something you can play like the small games of chance or shoot or help! It will be a good experience for you and help the club out as well. Maybe take home some meat for the kitchen or cash for your pocket.

"Running Deer and Elk Shoots"- We hold 6 shoots 2 each month in January, February and March. It is a very good practice in case you get that opportunity of a lifetime at a deer or bear. Remember the trophy is in the eye of the beholder anything you harvest legally is a
